

Accessing Your Student Profiles

Directions: You will need your Achievement Status & Growth Projection Report to do this analysis. To pull your Class Report:

1. Go to <https://teach.mapnwea.org>
2. Click on “View Reports”
3. Select “MAP Reports”
4. Scroll down to Next Generation Reports section and select “Student Profile”
5. Using the drop down menus, select the Term Rostered, your school, your name, a class and a Student.

Analyzing Your Student Profile

Directions: Answer the following questions using your Student Profile for one student.

1. What is the overall score, percentiles, and time on test for the student?

Subject	Overall RIT Score	Percentile	Time on Test
Math			
Reading			

2. What are the highest and lowest instructional areas for each subject?

Subject	Highest Instructional Area(s)	Lowest Instructional Area(s)
Math		
Reading		

3. Analyze the “*Growth Over Time*” chart to answer the following:

What trends do you see in the students’ testing history? Is there a consistent growth curve trending upwards? Does the student tend to score lower in a specific testing window?

Sharing Data with Students

4. Identify 3 key points you would share with your student regarding his/her results:
 -
 -
 -

5. What type of action plan might you create for this student to help them meet their goals?
