Communication for Leadership 2018-2019

A 0.5 English credit. Communication for Leadership teaches students how to be supportive team members, independent thinkers, and leaders. Through the use of the skills learned in improvisation, students develop the ability to think quickly, make strong choices, adapt to unique situations, and take initiative. Applying the tenants of improvisation, this class teaches leadership, group-think, and acceptance. Those who have learned improvisation learn team-work, communication and problem-solving skills, and how to be creative. In addition to improvisation and leadership, students will also practice creative writing and self-reflection to become leaders with skills desired by today's colleges and businesses.

Standards-Referenced Grading Basics

The teacher designs instructional activities that grow and measure a student’s skills in the elements identified on our topic scales. Each scale features many such skills and knowledges, also called **learning targets**. These are noted on the scale below with letters (A, B, C) and occur at Levels 2 and 3 of the scale. In the grade book, a specific learning activity could be marked as being 3A, meaning that the task measured the A item at Level 3.

The **Learning Goal** is the complete Level 3 of the scale.

Each lettered bullet point represents one **Learning Target**.

Each arrow bullet point represents an **unpacked** requirement of the target.

Scale Level Symbols	
△	The targets on this level can be changed
□	Targets on this level can not be changed
⊕	More targets can be added to this level
⊗	No targets are written at this level

When identifying a Topic Score, the teacher looks at all evidence for the topic. The table to the **right** shows which Topic Score is entered based on what the Body of Evidence shows.

Only scores of 4, 3.5, 3, 2.5, 2, 1.5, 1, and 0 can be entered as Topic Scores.

Evidence shows the student can...	Topic Score
Demonstrate all learning targets from Level 3 and Level 4	4.0
Demonstrate all learning targets from Level 3 with partial success at Level 4	3.5
Demonstrate all learning targets from Level 3	3.0
Demonstrate at least half of the Level 3 learning targets	2.5
Demonstrate all learning targets from Level 2 but none of the learning targets from Level 3	2.0
Demonstrate at least half of the Level 2 learning targets and no Level 3 learning targets	1.5
Demonstrate none of the learning targets from Level 2 or Level 3	1.0
Produce no evidence appropriate to the learning targets at any level	0

Some scales, particularly **Writing** and **Speaking & Listening** Topics, use an arrow for bullets instead of letters. While letters indicate **Learning Targets**, arrows indicate **Success Criteria** – think of them as the descriptors of what a student’s total product or performance must show to score a 3 on that scale.

Multiple Opportunities

It’s not about going back to do a retake, or back to redo something; it’s about going forward, continually scaffolding student learning through multiple opportunities, and noting that improved learning. Our curriculum builds on itself. “Multiple opportunities” are about taking an assessment and connecting it to past topics. They’re about allowing students to demonstrate their learning multiple times in units after their current unit or when learning is scaffolded into future units.

Multiple Opportunities suggestions will be noted in the guide to the right of the scales. Here you will see initial thinking of connections to other topics. This is also a place where teachers can add connections developed through their PLCs.

Guiding Practices of Standards-Referenced Grading

1. A consistent 4-point grading scale will be used.
2. Student achievement and behavior will be reported separately.
3. Scores will be based on a body of evidence.
4. Achievement will be organized by learning topic and converted to a grade at semester’s end.
5. Students will have multiple opportunities to demonstrate proficiency.
6. Accommodations and modifications will be provided for exceptional learners.

Teacher Clarifications

Development: Is able to support thesis, theme(s), or claim(s) with connections to the real world, other texts, and allusions.

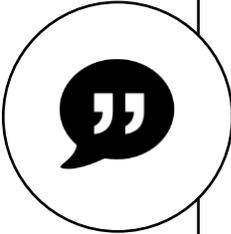

Organization: Is able to deftly arrange ideas and details throughout the piece to create a strong flow that does not depend on standard models or scaffolds.

Style: Is able to make effective word choices suited to the situation while also varying syntax for effect. Uses mentor texts to determine how to break traditional structure models.

Multiple Opportunities

Any time students are doing writing that is not a full-length Research Paper, consider also assessing this topic. Keep in mind that to fairly measure Learning Target 3A, the task, purpose, and audience for the writing should be clearly articulated in the prompt or directions.

Academic Vocabulary

Standard Language: CCSS ELA W.11-12.7

Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Standard Language: CCSS ELA W.11-12.8

Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of the task, purpose, and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following a standard format for citation.

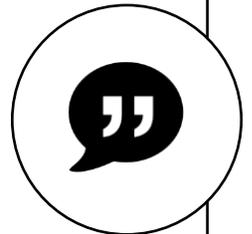

Teacher Clarifications

This topic covers both the researching process and the execution of a final, written research paper (ideally of 5 or more pages). In order to effectively communicate progress, collect evidence from students throughout the process, not just at the end.
